Reason for submitting this form:

	I do meet the necessary pre/co-requisites but the system says that I do not.
	I am currently enrolled in the prerequisite. I understand that I must adjust my schedule if I do not earn at least a "C" grade in the prerequisite course, or face being administratively dropped from the course by the department.
	I took the prerequisite course at another institution, but it has not been posted to my UNLV account yet. (Attach an unofficial grade report if you have one).
	I DO NOT meet the necessary prerequisites and would like a waiver. (Please list an explanation on the back of this form).
